

ERAM CHEHELSOTOUN TILE

ABOUT US

In 1389, after receiving the agreement in principle from the Qazvin industries department Eram Chehelston tile industries company bought a plot of land with an area of about 80000 square meters located in fereydasht industrial town , kilometers from Takestan road to Hamedan and started to build shed , office and service buildings .

The capacity of Eram Chehelston Tile company is 4.5 million square meters . In 2009 , The company has started to produce verious types of porcelain ceramics by completing and equipping modern machines in the word . Due to the fact that company is located in the center of the best porcelain raw materials , this company has the ability to produce all kinds of porcelain tiles and ceramics in various dimensions .
